Tags: [Meetings](#)

The San Bernardino Microwave Society will meet on Cactus Intertie and Zoom, Thursday October 1, 2020, 1900 PDT (10/2/20 0200 UTC). The meeting will also be carried on Amateur Television Network and YouTube (search for "Amateur Television Network" Live).

Please join us for the roll call and activity reports at 1900 PDT, (10/02/2020 0200 UTC) on either Cactus or Zoom. (Zoom meeting information is included below. For information about Cactus, contact WA6JBD at his qrz.com e-mail address.)

The Technical Talk will begin at 1930 (10/02/2020 0230 UTC)

"Developments in Open Source Amateur Satellite and Terrestrial Work."  
Michelle Thompson W5NYV

Many technology innovations and opportunities are now emerging against a backdrop of significant challenge and change with respect to amateur radio in the areas of regulation, cognitive radio, forward error correction pre-eminence, new amateur radio platforms in space and new funding and coordination mechanisms such as ARDC and OSRI.

Following the talk, Michelle will take questions over the Cactus/Zoom connection.

See you this evening!

73 Courtney N5BF SBMS President

Courtney Duncan is inviting you to a scheduled Zoom meeting.
