The San Bernardino Microwave Society will meet tonight at the American Legion Hall, 1024 Main Street, Corona, CA 92882.

As usual, those arriving in Corona early will meet for an early dinner at Sizzler, 1461 Rimpau Ave. 92879.

There will be no business meeting tonight. The meeting will begin with the evening's presentation "The History and Importance of Amateur Radio Microwaving in the Southwest" by Dave Laag W6DL. After the presentation, while those present share and enjoy holiday desserts, we will go around the room, and around Zoom for brief Activity Reports and other announcements. There will also be an informal swapmeet so bring any microwave items you may have to swap or share.
